

FRONTIER AIRLINES VOTERS HAVE SPOKEN: FORT MYERS IS NAMED TOP WARM WEATHER DESTINATION OF 2021

FORT MYERS, Florida - Jan. 29, 2021 - Fort Myers has been named the top warm weather destination for 2021 by Frontier Airlines customers in a recent vote that pitted the city against Phoenix, Miami, Sarasota, Florida and Tampa, Florida. Known for its world-class beaches, friendly community and wide range of activities, Fort Myers took top honors in an online vote conducted over a two-week period earlier this month.

Voters were automatically entered to win Frontier flights and a vacation package to the destination they chose. One lucky winner who voted for Fort Myers has been selected to receive a package that includes four nights at South Seas Island Resort, a shopping gift card at Miromar Outlets, Captiva Cruises Excursion to private island Cabbage Key and Edison Ford Winter Estates admission.

“With its stunning beaches, outstanding dining options and fun vacation vibe, it’s no wonder Fort Myers took the top spot,” said Tyri Squyres, vice president of marketing, Frontier Airlines. “Serving as a gateway to Southwest Florida, Fort Myers has long been a hugely popular destination for warm weather seekers and Frontier offers unbeatable fares and several nonstop flights from the convenient Southwest Florida International Airport.”

“We are thrilled with the distinction,” said Tamara Pigott, executive director for the Lee County Visitor & Convention Bureau. “Between the warm weather and the natural spaces - 50 miles of white-sand beaches, as well as parks, hiking trails, boating - our destination is an ideal location to enjoy the outdoors. Frontier’s favorable fares and nonstop flight options will afford more travelers the opportunity to experience Southwest Florida when they are ready to travel.”

The health and safety of customers and team members is Frontier’s number one priority. With that in mind, Frontier introduced sweeping health and safety enhancements in 2020 that touch every step of a customer’s travel journey with the airline.

Frontier requires all customers and crew members wear a face covering throughout their travel journey. Plus, anyone flying with Frontier must complete a health acknowledgement prior to flying confirming that:

- Neither they nor anyone in their household has exhibited Covid-19 related symptoms in the last 14 days
- They will wash their hands/sanitize before boarding the flight
- They understand and acknowledge the airline’s face covering policy and pre-boarding temperature screening policies

During flight, **main cabin air** is a mix of fresh air drawn from outside and air that has been passed through an air filtration system that features **HEPA filters** capable of capturing respiratory virus particles at more than 99.9% efficiency - similar to those used in hospital

environments. Frontier's modern all-Airbus fleet is among the youngest in the world - all aircraft currently in operation are less than four years old.

About Frontier Airlines:

Frontier Airlines is committed to "Low Fares Done Right." Headquartered in Denver, Colorado, the company operates more than 100 A320 family aircraft and has the largest A320neo fleet in the U.S., delivering the highest level of noise reduction and fuel-efficiency, compared to previous models. The use of these aircraft, Frontier's seating configuration, weight-saving tactics and baggage process have all contributed to the airline's average of 43 percent fuel savings compared to other U.S. airlines (fuel savings is based on Frontier Airlines' 2019 fuel consumption per seat-mile compared to the weighted average of major U.S. airlines), which makes Frontier the most fuel-efficient U.S. airline. More information about Frontier's green commitments are available at FlyFrontier.com/Green.

With 150 new Airbus planes on order, Frontier will continue to grow to deliver on the mission of providing affordable travel across America.
