# November 2009 Visitor Profile and Occupancy Analysis January 8, 2010 

Prepared for:
Lee County Board of County Commissioners
Lee County Visitor and Convention Bureau

Prepared by:

providing direction in travel \& tourism

SANibel

## Executive Summary

November 2009

Throughout this report, statistically significant differences between percentages for 2008 and 2009 are noted by < >.

## Executive Summary

## Visitor Estimates

- Lee County hosted more than 160,000 visitors staying in paid accommodations during the month of November 2009, and just over 200,000 staying with friends or relatives while visiting the County, for a total of 368,473 visitors.
- Year-over-year visitation among those staying in paid accommodations was about the same in November 2009 as it was in November $2008(-0.6 \%)$ and increased among those staying with friends or relatives ( $+33.3 \%$ ), resulting in an overall increase of $16 \%$ in total visitation.
- Three-quarters of November 2009 visitors staying in paid accommodations were U.S. residents ( $75 \%$ ), an increase from last November (67\%). UK, Germany, and Canada contributed the largest share of international visitors staying in paid accommodations ( $9 \%, 7 \%$, and $6 \%$ respectively) during November 2009 - similar to November 2008. However, visitation from Germany and Canada was down year-over-year for the month of November.
- Domestic visitors staying in paid accommodations during November 2009 were most likely to have come from the Midwest ( $42 \%$ ) with the South ( $28 \%$ ) and Northeast (24\%) contributing about equal shares. As is typical, only a minority came from the West (3\%).

## Visitor Expenditures

- The average per person per day expenditure was $\$ 109.63$ in November 2009 - a $9.6 \%$ decline from November 2008 ( $\$ 121.33$ ), a similar level year-over-year decline reported in each of the prior three months. However, the November 2009 average expenditure was higher than observed in the three months prior ( $\$ 102.13, \$ 100.27$, and $\$ 103.13$ during August, September, and October of 2009, respectively), suggesting the possible start of a more positive trend.
- Total visitor expenditures for November 2009 are estimated at $\$ 155$ million, a $25.6 \%$ drop from $\$ 209$ million in November 2008. Expenditures among those staying in paid accommodations decreased $29.2 \%$ from November 2008 to November 2009 and decreased $18.9 \%$ among those staying with friends and relatives. For the calendar year-to-date (January through November), total visitor expenditures have only dropped $8.2 \%$ compared with the same period the prior year - a more encouraging view of Lee County's position during the down economy.

| 2009 Top DMAs (Paid Accommodations) |  |  |
| :--- | :---: | :---: |
| Detroit | $8 \%$ | 9,053 |
| Boston (Manchester, NH) | $6 \%$ | 7,772 |
| Indianapolis | $6 \%$ | 6,837 |
| New York | $6 \%$ | 6,583 |
| Chicago | $5 \%$ | 5,875 |
| Miami-Fort Lauderdale | $5 \%$ | 5,648 |
| Saint Louis | $4 \%$ | 4,476 |
| Atlanta | $3 \%$ | 3,477 |
| Cleveland-Akron (Canton) | $3 \%$ | 3,477 |
| Tampa-Saint Petersburg (Sarasota) | $3 \%$ | 3,405 |
| Minneapolis-Saint Paul | $3 \%$ | 3,359 |

## Trip Planning

- The majority of November 2009 visitors said they had visited web sites while planning their trip (80\%). November 2009 visitors most often mentioned they went to airline web sites ( $37 \%$ ), search engines ( $32 \%$ ), booking sites ( $28 \%$ ), and hotel websites ( $27 \%$ ). The proportion claiming to have visited booking sites for trip planning was higher among November 2009 visitors than among November 2008 visitors ( $28 \%$ vs. $17 \%$ ).
- When deciding to visit Lee County, November 2009 visitors were more likely than November 2008 visitors to say the following attributes influenced their selection:
- Warm weather
- White sandy beaches
- Safe destination
- Clean environment
- Good value for the money
- Reasonably priced lodging
- Affordable dining
- Upscale accommodations

Note that the three expenditure items in the list - good value, reasonably priced lodging, and affordable dining - were all selected more often in 2009, signifying the increased importance of "value" in the decision to visit Lee County.

## Visitor Profile

- The proportion of visitors who said they were staying in a hotel/motel/resort/B\&B was higher in November 2009 than the same month the prior year ( $44 \%$ vs. $33 \%$ November 2008). A sizable minority said they stayed in a condo/vacation home $(41 \%$ ) and one in ten at the home of a friend or family member ( $13 \%$ ). Slightly fewer than half felt that the quality of accommodations far exceeded or exceeded their expectations (42\%) in November 2009.
- The top activities enjoyed while in Lee County during November 2009 were beaches, relaxing, dining out, shopping, and swimming. November 2009 visitors were more likely to go shelling than those in November 2008 ( $42 \%$ vs. $30 \%$ ).
- Taking day trips to other areas was down when compared to November 2008 ( $49 \%$ vs. $35 \%$ ); primarily in trips to Naples ( $31 \%$ vs. $20 \%$ ).

Sanibel

- Overall, visitor satisfaction remains extremely high, with $95 \%$ of November 2009 visitors reporting being very satisfied ( $62 \%$ ) or satisfied ( $33 \%$ ) with their visit. The vast majority indicated they were likely to return to Lee County ( $95 \%$ ), and two-thirds of them are likely to return next year (68\%).
- The least liked features about the Lee County area among November 2009 visitors were insects ( $20 \%$ ) and traffic ( $18 \%$ ). Visitors' concerns about traffic (18\%), weather (4\%), and lack of nightlife (2\%) were less prevalent during November 2009 than during the prior year ( $30 \%, 11 \%$, and $10 \%$ respectively).
- The demographic composition of November 2009 visitors was generally similar to that of November 2008 visitors. November 2009 visitors averaged 53 years of age with an average household income of approximately $\$ 102,000$. The majority of visitors were married ( $76 \%$ ) and only a minority were traveling with children (18\%). The average travel party size was 2.8 people.

## Lodging Property Manager Assessments

- For the Lee County lodging industry in total, the number of available room nights was slightly higher in November 2009 than in the November prior, but occupied room nights decreased slightly ( $-3.6 \%$ ). Hotel/motel/resort available room nights were up $18.4 \%$ from a year ago and occupied room nights were up substantially as well ( $+12.2 \%$ ).. Properties in the condo/vacation home and RV park/campground categories both saw a decline in available and occupied room nights.

|  | Occupied Room Nights |  |  | Available Room Nights |  |  |
| :--- | :---: | :---: | :---: | :---: | :---: | :---: |
|  | $\mathbf{2 0 0 8}$ | $\mathbf{2 0 0 9}$ | \% Change | $\mathbf{2 0 0 8}$ | $\mathbf{2 0 0 9}$ | \% Change |
| Hotel/Motel/Resort/B\&B | 146,045 | 163,907 | $12.2 \%$ | 303,270 | 358,923 | $18.4 \%$ |
| Condo/Cottage/Vacation Home | 78,634 | 56,810 | $-27.8 \%$ | 167,040 | 151,122 | $-9.5 \%$ |
| RV Park/Campground | 84,708 | 77,654 | $-8.3 \%$ | 166,830 | 139,560 | $-16.3 \%$ |
| Total | $\mathbf{3 0 9 , 3 8 7}$ | $\mathbf{2 9 8 , 3 7 1}$ | $\mathbf{- 3 . 6 \%}$ | $\mathbf{6 3 7 , 1 4 0}$ | $\mathbf{6 4 9 , 6 0 5}$ | $\mathbf{2 . 0 \%}$ |

- Average occupancy rates decreased $5.6 \%$ from $48.6 \%$ in November 2008 to an average of $45.9 \%$ in November 2009. Hotels/motels/resorts suffered a decline in occupancy rates ( $-5.2 \%$ ) likely due in large part to the increase in inventory. Occupancy rates for condos/cottages decreased as well (-20.2\%) but increased for RV parks/campgrounds (9.4\%).
- Overall average daily rates dropped from $\$ 104.12$ to $\$ 94.16$ year-over-year ( $-9.6 \%$ ). ADR decreases were reported for all lodging categories but were greatest for hotels/motels/resorts ( $-12.8 \%$ ).
- RevPAR was down $14.5 \%$ from November 2008 driven by decreases for hotels/motels/resorts (-17.3\%) and condos/vacation homes (-22.5\%).

|  | Average Occupancy Rate |  |  | Average Daily Rate |  |  |  | RevPAR |  |  |
| :--- | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | $\mathbf{2 0 0 8}$ | $\mathbf{2 0 0 9}$ | \% <br> Change | $\mathbf{2 0 0 8}$ | $\mathbf{2 0 0 9}$ | $\%$ <br> Change | $\mathbf{2 0 0 8}$ | $\mathbf{2 0 0 9}$ | \% <br> Change |  |
| Property Managers Responding | 135 | $\mathbf{1 4 4}$ |  | 135 | 146 |  | $135 / 135$ | $\mathbf{1 4 4 / 1 4 6}$ |  |  |
| Hotel/Motel/Resort/B\&B | $48.2 \%$ | $45.7 \%$ | $-5.2 \%$ | $\$ 123.29$ | $\$ 107.50$ | $-12.8 \%$ | $\$ 59.37$ | $\$ 49.09$ | $-17.3 \%$ |  |
| Condo/Cottage/Vacation Home | $47.1 \%$ | $37.6 \%$ | $-20.2 \%$ | $\$ 137.15$ | $\$ 133.17$ | $-2.9 \%$ | $\$ 64.56$ | $\$ 50.06$ | $-22.5 \%$ |  |
| RV Park/Campground | $50.8 \%$ | $55.6 \%$ | $9.4 \%$ | $\$ 40.40$ | $\$ 37.48$ | $-7.2 \%$ | $\$ 20.52$ | $\$ 20.86$ | $1.7 \%$ |  |
| AVERAGE | $48.6 \%$ | $45.9 \%$ | $-5.6 \%$ | $\$ 104.12$ | $\$ 94.16$ | $-9.6 \%$ | $\$ 50.56$ | $\$ 43.25$ | $-14.5 \%$ |  |

- Property managers in November 2009 were no more negative than they had been in November 2008 when comparing their current month's occupancy and revenue year-over-year. Fully half reported their November 2009 occupancy was the same or better than the prior year ( $51 \%$ vs. $46 \%$ November 2008). Similarly, about half reported their revenue was the same or better than the prior year ( $47 \%$ vs. 43\% November 2008).
- Projections for the next three months (December - February) remain low. Only four property managers in ten reported that their total level of reservations for the next three months are the same or better than the same period the prior year - comparable to projections made in November 2008 - while half ( $51 \%$ ) reported that their reservations are down.

Visitor Profile Analysis November 2009

A total of 207 interviews were conducted with visitors in Lee County during the month of November 2009. A total sample of this size is considered accurate to plus or minus 6.8 percentage points at the $95 \%$ confidence level.

A total of 204 interviews were conducted with visitors in Lee County during the month of November 2008. A total sample of this size is considered accurate to plus or minus 6.9 percentage points at the $95 \%$ confidence level.

Due to the short time period and the sample size involved, monthly results will fluctuate and should be viewed with caution for decision-making purposes.

## Direct and Indirect Impact of Visitor Expenditures

Estimated total visitor expenditures (detailed in 16 expense categories) are entered into an input/output model designed specifically for Lee County. This model classifies the visitor expenditure dollars by industry and identifies how the dollars move through the County economy. This Regional Input-Output Model is based on an economic model designed by the Federal Government, but it is modified using County Business Patterns to reflect how the economy of Lee County actually works.

In the text and figures which follow to describe the impact of visitor expenditures on Lee County, both direct and total impacts are mentioned.

## DIRECT IMPACTS

Economic benefits due directly to visitor expenditures.

For example, when visitor expenditures pay the salary and benefits for a hotel desk clerk, that amount would be considered in the direct impact for both jobs and income.

## TOTAL IMPACTS

Total impacts are the sum of direct and indirect impacts.

Indirect impacts are the additional economic benefits supported during additional rounds of spending.

For example, the front desk clerk pays income tax and property tax which are an indirect result of visitor expenditures. The front desk clerk also pays his/her utility bills, buys food for his/her family, shops for gifts, etc. Those dollars create the indirect impact of the initial traveler expenditures through many additional rounds of spending in the economy.

## Impact on Jobs for Lee County Residents

In order to produce the output (food, lodging, entertainment etc.) purchased by visitors, businesses have to employ people.
The number of jobs necessary to produce what is purchased with visitor expenditures is the employment impact of the visitor expenditures.

Direct employment includes the number of employees necessary to produce the direct output purchased with the visitor expenditures

Total employment includes the number of employees necessary to produce the direct output purchased with the visitor expenditures PLUS the employees necessary to produce additional output purchased with the recirculation of money in Lee County. For example, wages paid to a hotel desk clerk are then used to purchase food and services for that employee, leading to additional supported jobs (grocery store proprietor, auto mechanic, etc.).

## Impact on Household Income for Lee County Residents

As stated earlier, in order to produce the output (food, lodging, entertainment, etc.) purchased by visitors, businesses have to employ people. This requires business owners to pay wages and salaries to their employees, and also includes proprietary income for the business owner in some cases.

The wages and salaries paid in order to produce what is purchased with visitor expenditures is the household income impact of the visitor expenditures

Direct household income impact includes the direct wages and salaries paid in order to produce the goods and services purchased with the visitor expenditures

Total household income includes the wages and salaries paid in order to produce the goods and services purchased with the visitor expenditures PLUS the wages and salaries necessary to produce the additional output purchased with the recirculation of money in Lee County. For example, wages brought home by a hotel desk clerk are then used to purchase food and services for that person and his/her family, leading to additional wages and salaries being paid to others (grocery store employee, utility crews, etc.).

## Impact on State and Local Government Revenues

In producing and selling any goods and services purchased by visitors, both local and state revenues are collected by local and state governments.

The gross government revenues accruing to governments as a result of producing the output purchased with visitor expenditures is the government revenue impact.

Local government revenue impact is a result of revenues provided to the local (Lee County) government. This includes the bed tax, local property tax, any local-option sales tax, and any operating income for local government agencies.

State government revenue impact is a result of revenues provided to the Florida state government. This includes sales tax and any operating income for state government agencies.

The following are included in government revenues as appropriate for the local area: gasoline taxes, vehicle licenses and registrations, boat registrations, hunting and fishing licenses, liquor taxes, local and state park user fees, etc.

Tax ratios used to calculate these government revenue impacts are adjusted to conform to data reported in State and Local Government Finance Data (SLGF, Bureau of the Census).
