Executive Summary

Visitors spent \$320 million in Lee County during the month of February. Most of this was spent by those visitors staying in paid accommodations (\$203 million). Including only those properties collecting the bed tax, \$187 million was spent by visitors staying in paid accommodations. The highest proportions continue to be spent on lodging accommodations, food and beverages, and shopping.

More than half of the February visitors flew to the area (57%), while an additional 42% drove to Lee County. Most Lee County visitors were repeat visitors (74%), averaging four trips in the past five years (4.0).

Nearly all visitors spent some time at the beach while visiting Lee County (97%). The majority spent time relaxing, dining out, or shopping.

Nearly all Lee County visitors were satisfied with their visit (98%), a proportion that remains extremely high from month to month. Further, 93% of visitors said they will recommend Lee County to a friend or family member and 94% indicated that they plan to return themselves.

Lee County February visitors are older than in previous months (around the age of 56) and are more affluent than the general population (average household income of \$96,851). While the majority are married (80%), only 12% are traveling with children.

Average occupancy rates and average daily rates for the month of February were much higher than prior months. Similar to January, RV parks and campgrounds had the highest occupancy at 93.6%, and average daily rates were highest among condos/cottages/vacation rentals at \$249.73.

Visitor Profile Analysis February 2008

A total of 200 interviews were conducted with visitors in Lee County during the month of February. A total sample of this size is considered accurate to plus or minus 6.9 percentage points at the 95% confidence level. Due to the short time period and the sample size involved, monthly results will fluctuate and should be viewed with caution for decision-making purposes.
